

FEATURED PROJECT

PERMASHIELD 2000 FAST CURE High Build Polyurethane

Permashield 2000 is a two component, 100% solids high build and fast curing polyurethane. This coating provides a beautiful high gloss finish that can be tinted to any color and used as interior or exterior finish for same day return to service.

*Permashield 2000 Common Applications (industrial/residential):
warehouses, parking structures, garages, museums, food processing facilities, mass transit centers, helipads, showrooms, stages, etc.*

Project Name:

St. Joe's
Burbank, CA

Supplier:

Vista Paint

Applicator:

Property Prep Services

Completion Date:

August 2013

Coating System:

Primer: Monochem 21

- 100% Solids Epoxy Primer
- 4 mils DFT

Topcoat: Permashield 2000

- 100% Solids Polyurethane
- 13+ mils DFT

FEATURES:

- Same Day Return to Service:
 - 5 hours dry time for foot traffic, 20-24 hours for vehicular traffic
- Universally Compliant
- Zero HAPs, Low VOC
- Environmentally Friendly
- Superior Durability
- Low Odor
- Suitable for USDA Inspected Facilities
- High Tensile Strength
- Recoatable
- Solvent Free
- Top Tier Chemical, Abrasion, UV and Hot Tire Resistance
- Very Strong Bond to Concrete, Wood, Prepared Metal, Existing Coatings, etc.
- Available in Clear or Colors
- Warranties are Available
